Address: 7/A, Dhanmondi, Dhaka, Bangladesh
GitHub | LinkedIn | Portfolio

CAREER OBJECTIVE

Motivated MERN Stack Developer with a strong interest in building responsive, user-friendly, and functional web applications. Skilled in developing full-stack applications and solving problems through clean and efficient code. Seeking an opportunity to contribute my technical skills to real-world projects while continuously learning and growing as a developer.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, C, C++
Frontend: HTML5, CSS3, React.js, Next.js, Tailwind CSS, shadcn/ui
Backend & Database: Node.js, Express.js, MongoDB, REST API
Authentication: JWT, Better Auth
Tools & Platforms: Git, GitHub, VS Code, Vercel, Figma, HeroUI, OpenCode, Netlify
Interpersonal Skills: Problem Solving, Communication, Adaptability, Time Management

PROJECTS

1. Kindora – Community Social Service Events Platform Live Link | Client GitHub | Server GitHub

A full-stack web application that connects volunteers with community service opportunities, allowing users to discover, join, and manage social development events.

Technologies: Next.js, React.js, TypeScript, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, Google Authentication

Key Features:

- Browse and search upcoming community service events by category.
- Create and manage events with event details, locations, and schedules.
- Join events and track participation in registered events.
- View event details and participant counts.

2. FitLog – Workout Tracking Application Live Link | GitHub

A responsive workout tracking application that helps users explore exercises, build personalized workout plans, and monitor their daily fitness activities.

Technologies: Next.js, React.js, TypeScript, Tailwind CSS, React Context API

Key Features:

- Explore and filter workouts based on duration, calories, and ratings.
- View detailed workout information, including muscle groups, difficulty, sets, and repetitions.
- Create and manage personalized workout plans.
- Save favorite workouts and track daily workout completion, duration, and calories.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science and Engineering
Tejgaon College, Dhaka | 2023 – Present
Expected Graduation: 2028

EXTRA-CURRICULAR ACTIVITIES

- **Technical Coordinator –** Programming Club, Tejgaon College: Coordinate technical activities and support programming-related initiatives.
- **Programming Contest Participant – CSE Fest 2024, Tejgaon College:** Participated in the college's programming competition as a team member.
- **ICPC Preliminary Round Participant (Team):** Participated in the online preliminary selection round of the International Collegiate Programming Contest as a team member.

LANGUAGES

- Bengali – **Native**
- English – **Proficient**
